July 1, 2021

Although Wyandotte County has lifted the “Mask Mandate”, members are still required to wear masks at our location in the Providence Medical Offices Building.

WE ARE OPEN AND HERE TO SERVE YOU. *Please use the walk-up window in the front of the downtown office.* Anything you need to do can be handled through that window. If you do come into that branch, masks are only required where you see the signage requesting it. In most areas, no mask is required.

The Providence Office, in the basement of the Providence Medical Offices Building will be open the hours shown below. **We have two walk-up windows there. Use the Main Entrance or the West Entrance of the Doctor’s Building to reach our office.**

We also want to remind you of the technologies we have available to help us all navigate this difficult time:

- Online Banking--Transfer Funds, Look up Balances, Check out the Reliance website, and E-Statements all while you sit in your home or work office
- Online Loan Applications--Fill out your loan application and submit it directly to the credit union offices. We will contact you as quickly as possible with your approval or for additional information.
- Mobile App--Access your account through your smartphone and do everything you need to do as you move throughout the day, regardless of where you are.
- Remote Deposit Capture--Use the mobile app, snap a picture of your check and send it to the credit union for deposit to your account.
- E-statement--Receive your monthly/quarterly statements electronically.
- **Hours: Main Office, 540 Minnesota Avenue, 8:00 am to 4:30 pm**
Providence, 8919 Parallel, Suite 122, 7:00 am to 3:30 pm

Thank you for your understanding as we transition to the “[New Normal](#)”.

We are here to serve you.

Your Board of Directors and Staff
